Fall Reflection— (Taken from Devotions for Today)

The falling leaves of autumn remind us that life is full of transitions. Each leaf that drifts to the ground makes way for something new. Similarly, God often calls us to let go of what is familiar to make room for His greater plans. While change can feel uncertain or even uncomfortable, it's a reminder that God is always at work in our lives. By embracing these changes with faith, we allow Him to shape us and prepare us for the new seasons ahead. Trust that His timing is perfect and His plans are good.
