Thought Spot:

The mother is queen of her household. She has in her power the molding of her children's characters, that they may be fitted for the higher, immortal life. An angel could not ask for a higher mission; for in doing this work she is doing service for God. Let her only realize the high character of her task, and it will inspire her with courage. Let her realize the worth of her work and put on the whole armor of God, that she may resist the temptation to conform to the world's standard. Her work is for time and for eternity."

(The Adventist Home 231,23)

THE NEWSTART 8 LAWS OF HEALTH: R = Rest. Rest is vital for better mental health, increased concentration and memory, a healthier immune system, reduced stress, improved mood and even a better metabolism. To get better sleep at night, avoid caffeine, stick to a consistent sleep and exercise schedule, and discontinue screen time at least an hour before bedtime (From integrishealth.org). Taking a day of rest on the seventh day, when our body's metabolism naturally slows down, is part of God's plan for better health.
