### Health Nugget (from Health Ministries):

“When physical exercise is taken, the circulation is quickened. The heart receives blood faster and sends it to the lungs faster. The lungs work more vigorously, furnishing a greater amount of blood, which is sent with stronger power through the entire being. Exercise gives new life and strength to every part of the body.”

–Reflecting Christ, p. 147

**Youth Mission Trip:** The youth class and several parents are currently in Belize on their mission trip. Please keep them in your prayers as they seek to be a blessing during their time there.
