Food for Thought

In health and in sickness, pure water is one of Heaven's choicest blessings. Its proper use promotes health. It is the beverage which God provided to quench the thirst of animals and man. Drunk freely, it helps to supply the necessities of the system, and assists nature to resist disease. M.H pg. 237

As We Come to You in Prayer

Now Dear Lord, as we pray, take out hearts and minds far away,

From the press of the world all around To Your throne where grace does abound.

May our lives be trans-form'd by Your love, May our souls be refreshed from above.

At this moment, let people everywhere join us now as we come to You in prayer.
