

July 17, 2026

Dear Parents,

School starts in a little over a month! Here's to a few more days of summer vacation. Make the most of it!

The 2026-27 school year will include:

Bible - Salvation, Elijah, Elisha, Boy kings, Jonah, and some personal spiritual growth topics.

Math - We're using Saxon math. Students tend to do better with this curriculum

Language arts - Spelling, Grammar, Writing, and Reading. New lists, concepts and books to explore.

PE - Sports based games, skill work.

Science - We'll start with Life science, then Human body/health, some Physical Science and then finishing up the year with Earth Science

Social Studies - This year we're starting from the beginning and moving through early history: Mesopotamia, Egypt, Israel, Greek, India, China, Rome, and lastly, Christianity

As always, the goal is for students to experience field trips, hands-on activities and some good old-fashioned learning like reading, writing, memorization, and such.

Please pay attention to the school calendar included. I'm looking forward to seeing everyone on August 24 for the first day of school. Have a great rest of the summer.
