

July 14, 2026

Dear Parents,

Wow! Where has the summer gone! I hope everyone had an enjoyable summer so far. I look forward to a successful year with your child.

We have some exciting plans for the coming school year. Your child will learn about different countries of the world. We will learn about cultures, customs, climate, and animals of various countries around the world. In science, students will learn about force and motion, weather, and animal traits. Our Bible curriculum this year will focus on how God is trustworthy. We will have stories about creation, the promise of salvation, Noah, Abraham, Isaac, Jacob, Joseph, and stories of Jesus.

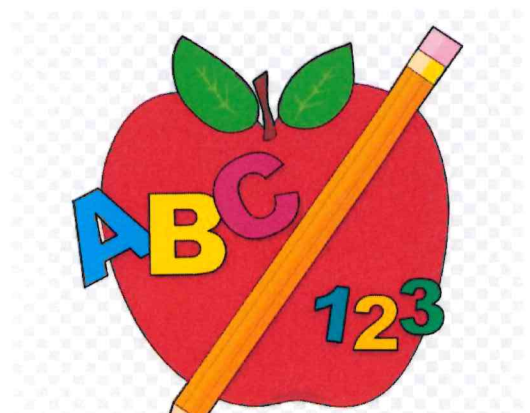

Please see the included school calendar. If days need to be changed during the school year, you will be notified in both the classroom newsletter and on Class Dojo. I am looking forward to seeing everyone on August 25 for the first day of school. Have a great rest of the summer.
