

Accident Insurance for Students Schooled at Home

The mission of the Seventh-day Adventist Schools in the Carolina Conference is to provide quality education in a spiritual setting for the students enrolled during the school year. It is also our goal to be of service to the communities in the area. One of the ways the school may provide service and enrichment to students schooled at home is by allowing them to participate in certain activities, programs, or classes at the school.

This form is to be used to register the active student who is schooled at home for insurance coverage when involved with school activities. The student will be covered in case of accidents occurring during the participation of activities or programs in our schools. Accidents that occur outside of school hours, school activities, or programs would not be covered and the school would not be responsible. This form must be completed for each student who is schooled at home.
