**Building Improvement:** The church board has approved two improvement projects for our church. The first is to replace the lights that shine on the platform. This will improve the reading light for those on the platform. This project will cost approximately \$2860. The second project is to fix the stained-glass window at the back of the sanctuary. The frame is disintegrating and repairs need to be done before it's too late. This will cost approximately \$12,765.00. The cost of these repairs is not budgeted in our regular church budget. The church board is asking for donations to the “Church Improvement Fund” to cover these costs. Based on the quotes we have received, we need to raise \$15,625.00. Please pray about how you can financially support these projects.
