

Murphy Adventist Christian School and Early Childhood Education Center

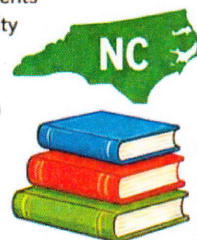

DID YOU KNOW?

★ **PLANNING AHEAD FOR THE FUTURE:** We anticipate that our school will need a new roof in approximately five years. After completing a necessary roof repair this past year, we began setting aside money each month in a dedicated roofing fund so we will be financially prepared when the replacement is needed. We believe in being good stewards of the resources God has entrusted to us.

★ **THE NORTH CAROLINA OPPORTUNITY SCHOLARSHIP:** Many of our students are able to attend Murphy Adventist Christian School because of the NC Opportunity Scholarship. This scholarship is awarded to the student, not the school, allowing families to choose the educational environment that best fits their children. At this time, the only requirement for our school is to administer standardized testing, which we already do as part of our educational program. If the scholarship were ever to require us to compromise our biblical beliefs or mission, we are fully prepared to discontinue participation. We believe God has opened this door, at least for now, to help us reach more children and families with a Christ-centered education.

STEAM

★ **WEEKLY STEAM CLASS:** Our school offers a weekly STEAM class taught by dedicated volunteers. STEAM stands for Science, Technology, Engineering, Art, and Mathematics. These hands-on experiences encourage creativity, critical thinking, problem-solving, teamwork, and innovation while helping students connect classroom learning to real-life situations. We are grateful for volunteers who generously share their time and talents to enrich our students' education.

★ **COMMITTED TO EXCELLENCE:** Our Early Childhood Education Center receives numerous drop-in visits throughout the year from the North Carolina Child Care Licensing Consultant, the State Health Inspector, and representatives from the Georgia-Cumberland Conference. These visits help ensure that we continue providing a safe, healthy, and high-quality learning environment for every child.

GOD Provides IN AMAZING WAYS!

★ **GOD PROVIDES IN AMAZING WAYS:** Recently, state sanitation requirements required us to replace the microwave in our Early Childhood Education Center because a tiny area of paint had chipped inside the unit. Since the microwave is installed above the stove, the replacement also had to include a vent fan. The requirement was noted during a state inspection. Shortly afterward, a representative from the Georgia-Cumberland Conference visited our center, noticed the inspection report still on the table, and immediately asked what was needed. She requested a copy of the receipt and the Conference graciously covered the nearly \$600 cost of both the new microwave and its installation. It was the most economical vented model available at Lowe's. We are thankful for God's continued provision through the generosity and support of our Conference family.

Thank you!

"Every good gift and every perfect gift is from above."

— JAMES 1:17
