Registration!

The water park was the beginning of the school year. They made ice cream from hand, popcorn, and watermelon.

Water Party!

It was very fun and if you were there you would know that the main attraction there was the water bouncy house, where there was a water slide attached. The registration was just so fun so next time boys and girls, should attend. This was written by Graceson E.

Mrs. Tracey's Room

Special projects

Mrs. Tracey's special project for her class is about plants. For example they are learning how plants absorb water to stay green.

Mrs. Tracey's Room

kindergarten is learning about

In Mrs.Tracey´s class the main focus is reading, and that will be the main focus until the Kindergarteners get to first grade.

This was written and designed by Lake Holder

Mrs. Bartlett's Room

State Capitals and Plants and Survival

This week Mrs. Bartlett's class is learning about state capitals and landmarks of America and the nutrients that plants need.

TEACHER'S NOTE

If you make good decisions you get good results.

Mrs. Bartlett's Room

SPECIAL PROJECTS

In Mrs. Bartlett's class they made a torch and they planted a salad .

Mr. Grove's Room

WHAT THEY ARE LEARNING THIS MONTH

Mr. Grove's class is learning about streams this year.

TEACHER'S NOTE

The Stream Assessment Unit is a thematic unit that includes and combines Language, Math, Science, Geography, and Bible. Students will be learning Biology, graphing comparison, and contrast.

Mr. Grove's Room

SPECIAL PROJECTS

The MACS kids are going to 4 streams. They are called Stream Assessments, and they went to one so far. What the kids are testing is the turbidity of the water.

MRS. BARTLETT'S CLASS WITH MRS. BRANDI

Mrs. Brandi STEAM Class

In Mrs. Brandi's STEAM class they are growing seeds in the window. They have tiny plastic bags that look like greenhouses. They also have reading time in STEAM class. They get to find books and read them. This week they even made charts that say what is happening to their growing seeds.

MR. GROVE'S CLASS WITH MRS. JULIAN

This month's stream unit is about assessing a stream or river. We learned to identify fish and bugs and we learned how to do geometry to find length, width, height, and shape of the pool of water we were at that day. Now I'm going to talk about the first stream, the Valley River. Going to this stream was really fun. Fishing with my friends, sharing the hobby of fishing. Using the geometry at this stream was pretty hard to find the shape, but my group and I decided the pool was a rectangle and we also decided the water quality was good.

Newspaper

MR. GROVE'S CLASS WITH MS. CHEREE

WHAT THEY MADE

In these pictures we were making the newspaper. We are all making our on pages. We change who gets what page every month.

This page was designed and made by John Newton

Life Skills Class

MR. GROVE'S CLASS WITH MS. CHEREE

WHAT THEY LEARNED

Fire Cider boosts your immune system. But it needs to wait six weeks before its ready. Our firecider is in the bottom right.

page was written and designed by John Newton.

Spanish Class

Ms. Abigail is teaching beginner's Spanish in Mrs. Bartlett's class and Ms. Tracey's class. They are working on colors and numbers.

This page was written and designed by Taylor McManus and Anastazia Anderson.

Staff Spotlight

Mr. Grove's Position or title is principal and teacher for 5-8 grade. He is a very good teacher and matter of fact he is teaching me currently, but he is a great man. He takes care of us like a father. 2 Things that make him happy are Fish and diecast 164. That was it he is a very good man. This was written by Graceson E.

Special Thanks

Many people will come back to school and say "Wow this looks really nice." but they don't give to the volunteers enough credit for everything they do. First of all during Summer break we come back to a nice clean field because of the work bees clearing up the field. These people do the extraordinary, just to give us a good year of school. Secondly they are just so nice to clean up the stuff and donate some of the stuff we use during the school days. Last but not least they do the job of decorating their plants, they water stuff and plant flowers to Make the school look better so put some respect on there name. This was written by Graceson E.

Thank you To Malcolm & Janet Schmehl, John Strickland, Skip Myers, Bonnie Rogers, Dwayne Gardner, Greg & Lori Edwards, Daryl Hampton, Lynne Preston, Jordan Stephens, Lisa Burby, Don Yancheson, Lee Whitman, Ted Wilson, George Bodossian, David & Arelis Graves, Lelia Mejias, Jovani Baker, Cheree & Savannah Grove, Zooey & Cayden Grove, Brandi Faison Julian Stephens,

Student Spotlight

This page is to tell us about the kids in the school. Charlie is 5. He is in Kindergarten. His favorite color is gold. He looks up to his mom and, He would also like to be a cop and help the community.

By Will Ritz

Leigha is in second grade and is seven. She has been in the school for two years and she is in Mrs. Bartlett's classroom. Her favorite color is violet and she wants to be a nurse. She also says she wants to be just like her sister and she looks up to her sister.

By Savannah Grove

Savannah

- Favorite color: Light pink
- Person they look up to: Jesus
- What they want to be when they grow up: voice actor
- Grade: 5th
- Age: 10

By Anastazia Anderson

Principal's Note

I am pleased with the way this school year is developing. I was watching the students play together at recess today and they were playing so nicely, getting along, and taking turns, being pleasant. It was enjoyable to watch. I am also excited about the plans we have made for this school year. We will be starting up the Bible studies with the pastor after school again. We are having a visitor bringing animals for our week of prayer, Home and School is planning a Walk-a-Thon in the spring, and the school will have a booth in the Murphy church's upcoming block party! And remember, we are better together.

- Tim Grove

Help Wanted

Home and School is looking for volunteers to teach a 1 hour class on Friday mornings for grades 5-8 in the following areas

Basic First Aide
Beginner Woodworking
Beginner sewing

If you are interested in helping out please email Cheree Grove at cheree@macs4jesus.com or see me in person. Thank you!
