The Scriptures Aid in Nature Study, Part 2
“He who has a knowledge of God and His word has a settled faith in the divinity of the Holy Scriptures. He does not test the Bible by man's ideas of science. He brings these ideas to the test of the unerring standard. He knows that God's word is truth, and truth can never contradict itself; whatever in the teaching of so-called science contradicts the truth of God's revelation is mere human guesswork.
“To the really wise, scientific research opens vast fields of thought and information. The ways of God as revealed in the natural world and in His dealings with man constitute a treasury from which every student in the school of Christ may draw.”
Testimonies for the Church, Vol. 8, p. 325
