Fun BIBLE Fact: 😊

For you stargazers out there, there are only two stars in our galaxy that are known to be bound by gravitational pull: Pleiades and Orion. We only learned about this in the last 30 years. However, Job 38:31 talks about how these stars have 'bonds and chains' (gravitational pull), and that was written over 3,000 years ago! Wow, the Bible is CCCCCOOLLL.
