Picture of the Week

Grades six through eight went to outdoor education at camp Blue Ridge this week. They played games outside, raced go-karts, painted, canoed and participated in other outdoor activities. Outdoor education allows for learning new skills and working together outside of the classroom.

Doss Dialogue

Dear Families,

This week, our 6th through 8th graders had the wonderful opportunity to attend Outdoor Education at Camp Blue Ridge, where our theme was **"God is Real."** As the week unfolded, it became increasingly evident that God's presence is indeed real, beautifully showcased through the wonders of nature surrounding us.

Throughout the camp, I witnessed our students interact with one another in meaningful ways. Whether they were participating in classes–like drawing stunning fall scenery or learning essential survival skills–or engaging in team games that radiated the spirit of Christian competition, God's influence was apparent. However, it was during our daily worship sessions that we truly felt His presence.

A variety of speakers shared their testimonies, providing tangible evidence of God's reality in their lives. Each speaker reminded our students that our mission as Christians is to share Jesus with everyone. They encouraged our young people to allow the Holy Spirit to work through them, leading many to Christ as they reflect His love and character in their actions. It was a powerful reminder of how God can use us to reach others for His Kingdom.

I am so grateful for the opportunity our students had to learn and grow, both academically and spiritually, during this trip. It was truly a wonderful experience for all who attended, and we praise God for loving us so much that He orchestrates these moments of growth and connection.

Thank you for your continued support as we nurture these young hearts. Let's encourage them to embrace and share the truth that **God is real**, affecting their lives and the lives of others in profound ways.

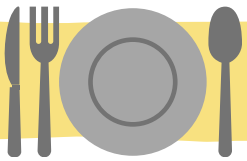

Blessings,

Mr. Doss
