## Picture of the Week

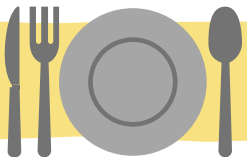

Happy International Dot Day from first grade! What can you make with a dot?

Dot Day (September 15) encourages students to explore their creativity and realize that even something as simple as a dot can inspire us to create amazing things!

## 2nd Grade

Our second graders became little scientists this week! We made our own mini greenhouses using Ziploc bags and paper towels, then added Lima beans and watched them begin to grow.

The students were excited to check their seeds each day and observe the changes - from seed, to roots, to a seedling and finally to leaves.

## Art Class

Students practiced mixing the primary colors to create the colors they wanted for their paintings of the school and the playground. We talked about the color wheel and how three simple colors can create endless options for their artwork. They enjoyed creating and sharing the colors they mixed.
