

What to Expect When You Visit Our Church

When worshipping at our church you can expect a warm, Bible-centered environment with a focus on fellowship, community, and Sabbath observance.

Arrival and Greeting

When you enter the front door of the building (side doors generally remain locked), one of our friendly team members will warmly greet you, offer you a program guide with information on Sabbath School, worship times and upcoming activities and events, offer directions and be available to answer any of your questions.

Sabbath Morning Fellowship

The Bible Café opens at 9:00 AM in the Fellowship Room of our church. This is a gathering place to connect with members and guests alike over light refreshments. The Bible Café is open to all ages.

Sabbath School (Bible Study)

Bible study classes begin at 9:30 in various parts of the church. These studies cover a range of interesting and practical topics, with age-appropriate classes for all, from the little ones to adults. Study guides are freely furnished upon request.

Worship Service

The worship service starts in the sanctuary at 10:55 AM and lasts about 90 minutes. The service includes moments of prayer and singing (hymns and spiritual songs), an opportunity to give, and a powerful Bible-based sermon given by our pastor or one of the elders. The tone is reverent but welcoming, with a focus on family and community. Children are welcome and are often included in the program. (A room is provided for nursing mothers who can tend to their child's needs while still being able to participate in the service.)

Fellowship and Meals

After worship service on the first Saturday of the month, a buffet-style meal is offered in the Fellowship Room for all to attend. It's a wonderful opportunity to meet people and make friends. The meal is vegetarian with plant-based (or vegan) options as well. On the third Saturday of the month all are welcome to stay for Connections. This is a time of fellowship with light refreshments and a chance to become familiar with the various ministries of the church.

Attire

There is no dress code, however, many of the men wear dress pants, shirt and tie or suits (business casual). Women wear nice outfits of dresses, skirts and blouses, and dress pants. Dressing "how you would if you were meeting someone special" or out of respect for the One we worship is a common suggestion. We accept that that may look different for different people.
