Give Thanks by Giving Blood this fall.
Donating blood is a quick and easy way to make an immediate difference in someone’s life. Doctors and emergency responders need our community blood donations to help those in need, whether it’s a trauma patient, cancer patient, or premature baby. By taking one hour to donate blood, you can help ensure there is enough blood supply available for them. We urge you to [make an appointment](#) and give! With your help, someone’s second chance could come this season.
