

Senior Youth & Young Adult Committee Report

We have held 4 conference wide gatherings the last 4 years.

2011-Forest Lawn 1000+

2012 Did not hold a gathering

2013 Spanish American 400+

2014 White Memorial 700+

2015 Alhambra 400+

Our last two gatherings (2014,2015) became all day event's where we would meet for worship in the morning, but in the afternoon, we provided practical training through workshops that attendees can take with them. examples of several workshops (but not limited to) included stewardship, youth leadership training, how to give a bible study, relationships, social media, worship, etc....

We also have held 2 additional training seminars separate from our conference wide gatherings where over 50 plus youth & young adult leaders each seminar, have attended to gain practical leadership skills and enable them to reach out to youth and young adults more effectively. Our next seminar will be July 19 2015.

Looking to the future we plan to hold a multi day event that will have worship, workshops, and a service component that we can reach out to the community, but also provide an avenue for young adults to practice what they have learned.
