Quotes of the Week

“But now they desire a better, that is, a heavenly country. Therefore God is not ashamed to be called their God, for He has prepared a city for them.”

Hebrews 11:16

“These examples of human steadfastness, in the might of divine power, are a witness to the world of the faithfulness of God’s promises—of His abiding presence and sustaining grace.... It is a work of faith to calmly repose in God in the darkest hour—however severely tried and tempest-tossed, to feel that our Father is at the helm. The eye of faith alone can look beyond the things of time and sense to estimate the worth of eternal riches.” Lift Him Up, p. 328.
