### Food for Thought

Here is a precious promise; the purposes and plans of God are to be opened to His disciples. What is a disciple?—A learner, ever learning. Coming events, of a solemn character, are opening before us, and God would not have any one of us think that in these last days there is no more that we need to know. This is a continual snare of Satan. He would not have us meet coming events without that special preparation which is essential to guide us through every difficulty. He would have all not stumbling their way along in ignorance, making self-conceit, self-esteem, self-confidence, take the place of true knowledge. The more satisfied any one is with himself and his present knowledge, the less earnestly and humbly will he seek to be guided into all truth. The less of the Holy Spirit of God he has, the more self-satisfied and complacent he will feel. He will not search earnestly and with the deepest interest to know more of truth. But unless he keeps pace with the Leader, who is guiding into all truth, he will be left behind, belated, blinded, confused, because he is not walking in the light. All who follow Christ will walk in the light as He is in the light.
